(5) Subject to subsection (6) of this section, the amendment of any freshwater fisheries management plan shall be dealt with under subsection (1) of this section, which shall apply with any necessary modifications.

(6) Where any such amendment is of such a nature that the Director-General considers that it will not materially affect the objectives or policies expressed in the plan or the public interest in the area concerned, the amendment shall be dealt with under paragraphs (i) to (m) of subsection (1) of this section, which shall apply with any necessary modifications.

[17L. Sports fish and game management plans---(1) The purpose of a sports fish and game management plan is to establish objectives for the management of sports fish and game, or both, within any region or part of any region.

(2) Each Fish and Game Council shall prepare for approval by the Minister such sports fish and game management plans as are necessary for the management of sports fish and game within its area of jurisdiction.

(3) Nothing in any sports fish and game management plan shall derogate from---

(a) Any provision in this Act or any other Act; or

(b) Any policy approved under this Act or any other Act in respect of the area to which the plan relates, or any part of that area; or

(c) Any provision in any conservation management strategy or conservation management plan or freshwater fisheries management plan.

(4) When preparing a draft sports fish and game management plan, the Fish and Game Council shall---

- (a) Have regard to the sustainability of sports fish and game in the area to which the plan relates; and
- (b) Have regard to the impact that the management proposed in the draft is likely to have on other natural resources and other users of the habitat concerned; and
- (c) Include such provisions as may be necessary to maximise recreational opportunities for hunters and anglers.

[17M. Procedure for preparation, approval, review, and amendment of sports fish and game management plans---(1) Every draft sports fish and game management plan shall be prepared by a Fish and Game Council in the manner provided in subsection (2) of this section.

(2) The following provisions shall apply to the preparation and approval of sports fish and game management plans:

- (a) The Fish and Game Council---
  - (i) Shall publish a notice of the draft plan either in some newspaper circulating in the area in which the subject-matter of the notice is situated or, if the draft is of national importance, at least once in each of 5 daily newspapers published in Auckland, Hamilton, Wellington, Christchurch, and Dunedin, respectively; and
  - (ii) Shall give notice of the draft plan to the Director-General and, so far as is practicable, to representatives of the appropriate iwi authorities, and to the appropriate regional councils and territorial authorities constituted under the Local Government Act 1974; and
  - (iii) May give such further notice of the draft plan as the Fish and Game Council thinks fit; and
  - (iv) Shall, in every notice under this paragraph, invite persons or organisations to send to the Fish and Game Council written submissions on the proposal before the date specified in that behalf in the notice, being a date not less than 40 working days after the date of the publication of the notice; and
  - (v) Shall consult with such other persons or organisations, in such manner, as the Fish and Game Council considers practicable and appropriate; and
  - (vi) Shall give full consideration to any submissions and opinion made known to the Fish and Game Council:
- (b) Every notice under paragraph (a) of this subsection shall state that the draft plan is available for inspection at the places and times specified in the notice:
- (c) From the date of public notification of a draft plan until public opinion of it has been made known to the Fish and Game Council, the draft shall be made available by the Fish and Game Council for public inspection during normal office hours, in such places and quantities as are likely to encourage public participation in the development of the proposal:
- (d) The Fish and Game Council shall give every person or organisation who or which, in making any submissions on the draft, asked to be heard in support of his or her or its submissions a reasonable opportunity of appearing before a meeting of

representatives of the Fish and Game Council:

- (f) The Fish and Game Council shall send the draft to the Minister with the summary prepared under paragraph (e) of this subsection and a written statement of any matters of content on which the Director-General and the Council are unable to agree:
- (g) The Minister shall approve the draft or send it back to the Fish and Game Council for further consideration before approving it.

(3) The Fish and Game Council may at any time review or amend any sports fish and game management plan.

(4) Subject to subsection (6) of this section, the review of any sports fish and game management plan and amendments shall be dealt with under subsection (2) of this section, which shall apply with any necessary modifications.

(5) The following provision shall also apply in relation to the review of any sports fish and game management plan:

- (a) Any sports fish and game management plan may be reviewed in whole or in part:
- (b) A sports fish and game management plan shall be reviewed as a whole by the Fish and Game Council not later than 10 years after the date of its approval:
- (c) The Minister may, after consultation with the Fish and Game Councils affected, extend that period of review.

(6) Where the proposed amendment of any sports fish and game management plan is of such a nature that the Fish and Game Council considers that it will not materially affect the objectives or policies expressed in the plan or the public interest in the area concerned, the amendment shall be dealt with under paragraphs (e) to (g) of subsection (2) of this section, which shall apply with any necessary modifications.

[17N. Effect of general policies, conservation management strategies, and management plans---(1) Every statement of general policy approved under section 17B (3) (m) or section 17C of this Act, every conservation management strategy, and every conservation management plan, freshwater fisheries management plan, and sports fish and game management plan shall have effect on and from the date on which it is approved, or on such later date as may be specified in that behalf in the statement or strategy or plan.

(2) No such statement or strategy or plan shall restrict or affect the exercise of any legal right or power by any person other than the Minister or the Director-General or any Fish and Game Council.

(3) Repealed by s. 6 of the Conservation Amendment Act 1996.

(4) Every such statement, strategy, and plan shall be available for public inspection during ordinary office hours at the Department's Head

(6) Where any such strategy or plan or any review or amendment of any such strategy or plan is approved, the Director-General shall give public notice of the fact, specifying the offices or places at which the strategy or plan, or reviewed or amended strategy or plan, can be inspected; and section 49 (1) of this Act shall apply as if the notice were required to be given by the Minister.]

## [PART IIIB

### [Concessions

[170. Application---(1) This Part of this Act applies to every conservation area.

(2) Except as provided in subsection (3) or subsection (4) of this section, no activity shall be carried out in a conservation area unless authorised by a concession.

(3) A concession is not required in respect of---

- (a) Any mining activity authorised under the Crown Minerals Act 1991 (including the transitional provisions of that Act); or
- (b) Any activity that is otherwise authorised by or under this Act or any Act specified in the First Schedule to this Act; or
- (c) Any action or event necessary for the purposes of saving or protecting life or health, or preventing serious damage to property or avoiding an actual or likely adverse effect on the environment; or
- (d) Any activity that is carried out by the Minister or Director-General in the exercise of his or her functions, duties, or powers under this Act or any other Act.

(4) An individual or organised group undertaking any recreational activity, whether for the benefit of the individual or members (individually or collectively) of the group, does not require a concession if the individual or group is undertaking the activity without any specific gain or reward for that activity, whether pecuniary or otherwise.

(5) A group of the kind to which subsection (4) of this section applies may impose on its members a reasonable charge in order to recover the reasonable expenses in organising the recreational activity.

(6) Subsection (3) (b) of this section shall not apply to any sports fishing guide or game hunting guide who conducts any activity in a conservation area.

[17P. Relationship with the Resource Management Act 1991---(1) Except as provided in subsection (2) of this section, this Part of this Act does not relieve any person from any obligation to obtain a resource consent under the Resource Management Act 1991.

(2) Section 11 and Part X of the Resource Management Act 1991 do not apply to any lease granted by the Minister.

[17Q. Powers to grant concessions---(1) Subject to this Part of this Act, the Minister may grant a concession in the form of a lease, licence, permit, or easement in respect of any activity.

(2) The Minister shall not grant an easement in respect of an activity if a lease, licence, or permit may be granted in respect of the activity and the Minister considers that a lease, licence, or permit is more appropriate in that case.

(3) Part IVA of this Act does not apply to any lease or licence granted under this Part of this Act.

[17R. Applications for leases, licences, etc.---Any person may apply to the Minister for a concession to conduct an activity in a conservation area.

[17S. Contents of application---(1) Every application for a concession shall include the following information:

- (a) A description of the proposed activity;
- (b) A description identifying the places where the proposed activity will be carried out and indicating the status of such places;
- (c) A description of the potential effects of the proposed activity, and any actions which the applicant proposes to take to avoid, remedy, or mitigate any adverse effects;

- (e) A statement of the proposed duration of the concession and the reasons for the proposed duration;
- (f) Relevant information relating to the applicant, including any information relevant to the applicant's ability to carry out the proposed activity.

(2) Where an applicant applies for---

- (a) A lease; or
- (b) A profit prendre or a licence granting an interest in land; or
- (c) An easement;---

the applicant, in addition to supplying the information required by subsection (1) of this section, shall supply reasons for the request and sufficient information to satisfy the Minister, in terms of section 17U

of this Act, that it is both appropriate to grant the lease, profit  
prendre, licence, or easement and lawful to grant it.

(3) The Minister may require an applicant for a concession to supply such further information as the Minister considers necessary to enable a decision to be made, including the preparation of an environmental impact assessment in the form set out in the Fourth Schedule to the Resource Management Act 1991 or in such other form as the Minister may require.

- (4) The Minister may, at the expense of the applicant,---
- (a) Commission a report or seek advice from any person (including the Director-General) on any matters raised in relation to the application, including a review of any information provided by the applicant;
  - (b) Obtain from any source any existing relevant information on the proposed activity or structure that is the subject of the application.

(5) Any information obtained by the Minister under subsection (4) of this section shall be supplied to the applicant who may comment on it within such time as may be specified by the Minister.

- (6) An application is incomplete where the Minister---
- (a) Has advised the applicant that the applicant has not supplied any specified information required by or under this section, which information has not been received by the Minister; or
  - (b) Has not received any report commissioned or advice sought under subsection (4) of this section; or
  - (c) Has supplied information to the applicant under subsection (5) of this section and the time limit specified under that subsection has not expired.

[17T. Process for complete application---(1) The Minister shall consider every complete application for a concession that is received by him or her.

(2) If the Minister is satisfied that the complete application does not comply with or is inconsistent with the provisions of this Act or any relevant conservation management strategy or conservation management plan, he or she shall, within 20 working days after receipt of the application, decline the application and inform the applicant that he or she has declined the application and the reasons for declining the application.

(3) Nothing in this Act or any other Act shall require the Minister to grant any concession if he or she considers that the grant of a concession is inappropriate in the circumstances of the particular application having regard to the matters set out in section 17U of this Act.

(4) Before granting any lease or licence in respect of a conservation area (other than by virtue of the exercise of a right of renewal of a lease or licence, or a right to a new lease or licence, that is

contained in any lease or licence), the Minister shall give public notice of the intention to do so; and section 49 of this Act shall apply accordingly.

(5) Before granting any permit or easement in respect of a conservation area, the Minister may, if, having regard to the effects of the permit or easement, he or she considers it appropriate to give public notice of the intention to do so, give such notice; and section 49 of this Act shall apply accordingly.

As to subss. (4) and (5), see s. 3 (4) of the Wildlife Amendment Act 1996, s. 11 (6) of the Reserves Amendment Act 1996, and 5 (5) of the National Parks Amendment Act 1996.

[17U. Matters to be considered by Minister---(1) In considering any application for a concession, the Minister shall have regard to the following matters:

- (a) The nature of the activity and the type of structure or facility (if any) proposed to be constructed:
- (b) The effects of the activity, structure, or facility:
- (c) Any measures that can reasonably and practicably be undertaken to avoid, remedy, or mitigate any adverse effects of the activity:
- (d) Any information received by the Minister under section 17S or section 17T of this Act:
- (e) Any relevant environmental impact assessment, including any audit or review:
- (f) Any relevant oral or written submissions received as a result of any relevant public notice issued under section 49 of this Act:
- (g) Any relevant information which may be withheld from any person in accordance with the Official Information Act 1982 or the Privacy Act 1993.

(2) The Minister may decline any application if the Minister considers that---

- (a) The information available is insufficient or inadequate to enable him or her to assess the effects (including the effects of any proposed methods to avoid, remedy, or mitigate the adverse effects) of any activity, structure, or facility; or
- (b) There are no adequate methods or no reasonable methods for remedying, avoiding, or mitigating the adverse effects of the activity, structure, or facility.

(3) The Minister shall not grant an application for a concession if the proposed activity is contrary to the provisions of this Act or the purposes for which the land concerned is held.

(4) The Minister shall not grant any application for a concession to build a structure or facility, or to extend or add to an existing structure or facility, where he or she is satisfied that the activity---

- (a) Could reasonably be undertaken in another location that---
  - (i) Is outside the conservation area to which the application relates; or
  - (ii) Is in another conservation area or in another part of the conservation area to which the application relates, where the

potential adverse effects would be significantly less; or  
(b) Could reasonably use an existing structure or facility or the existing structure or facility without the addition.

(5) The Minister may grant a lease or a licence (other than a profit prendre) granting an interest in land only if---

- (a) The lease or licence relates to one or more fixed structures and facilities (which structures and facilities do not include any track or road except where the track or road is an integral part of a larger facility); and
- (b) In any case where the application includes an area or areas around the structure or facility,---
  - (i) Either---
    - (A) It is necessary for the purposes of safety or security of the site, structure, or facility to include any area or areas (including any security fence) around the structure or facility; or
    - (B) It is necessary to include any clearly defined area or areas that are an integral part of the activity on the land; and
  - (ii) The grant of a lease or licence granting an interest in land is essential to enable the activity to be carried on.

(6) No lease may be granted unless the applicant satisfies the Minister that exclusive possession is necessary for---

- (a) The protection of public safety; or
- (b) The protection of the physical security of the activity concerned;  
or
- (c) The competent operation of the activity concerned.

(7) For the purposes of subsection (6) of this section, the competent operation of an activity includes the necessity for the activity to achieve adequate investment and maintenance.

[17V. Limitations on concessions and leases over marginal strips---(1) Without limiting the power of the Minister to grant a concession over a conservation area that is a marginal strip, the Minister may decline to grant a concession in any case if he or she is satisfied that it is more appropriate in that case to enter into any agreement or arrangement under section 24H of this Act.

(2) No concession may authorise the owner of any land adjoining a marginal strip to use the marginal strip for farming purposes or forestry purposes or any purpose associated with or incidental to any farming or forestry carried out on the adjoining land; but nothing in the preceding provisions of this subsection limits or affects section 24H of this Act.

(3) The Minister shall not grant a lease (other than a lease that formalises an occupation of the land, where that occupation existed before the 10th day of April 1990) over a marginal strip unless he or she is satisfied that---

- (a) The grant is permitted by this Part of this Act; and
- (b) The activities authorised by the lease require the use of both the

- marginal strip and the adjacent water; and
- (c) The land, structures, and facilities to which the lease relates are essential to the carrying out of such activities.

[17W. Relationship between concessions and conservation management strategies and plans---(1) Where a conservation management strategy or conservation management plan has been established for a conservation area and the strategy or plan provides for the issue of a concession, a concession shall not be granted in that case unless the concession and its granting is consistent with the strategy or plan.

(2) Where---

- (a) There is no conservation management strategy or conservation management plan for a conservation area; or
- (b) The relevant conservation management strategy or conservation management plan does not make any provision for the activity to which the application relates in a conservation area,---

the Minister, after complying with the provisions of sections 17S, 17T, and 17U of this Act, may grant a concession.

(3) The Minister may decline any application, whether or not it is in accordance with any relevant conservation management strategy or conservation management plan, if he or she considers that the effects of the activity are such that a review of the strategy or plan, or the preparation of a strategy or plan, is more appropriate.

(4) On declining an application under subsection (3) of this section, the Minister, if requested by the applicant to do so and after consultation with the relevant Conservation Board, may initiate a review of the strategy or plan pursuant to section 17H of this Act or the preparation of a strategy or plan under this Act.

(5) The Minister may require the applicant to pay all or part of the reasonable costs of such a review or the preparation of a strategy or plan.

(6) Subsection (4) of this section does not affect the power of the Director-General to initiate a review or an amendment to a strategy or plan under section 17H or section 17I of this Act.

(7) It shall be a condition of every concession document that the concessionaire must act in accordance with every relevant conservation management strategy and conservation management plan for the time being in force, including any amendments to the strategy or plan, whether the strategy or plan or amendment was approved before or on or after the date on which the concession became effective; and that condition shall be deemed to be included in every concession document.

(8) Any provision of a concession document that contravenes or allows expressly or by implication any action or default on the part of the concessionaire in contravention of the strategy or plan shall have no effect and any breach or contravention of the strategy or plan shall be deemed to be a breach or contravention of the concession and concession

document.

[17X. Power of Minister to impose and enforce conditions---In granting any concession, the Minister may impose such conditions as he or she considers appropriate for the activity, structure, or facility, including (but not limited to) conditions relating to or providing for---

- (a) The activity itself, the carrying out of the activity, and the places where it may be carried out:
- (b) The name and full address of every person or body to whom the concession is granted and who may carry out the activity:
- (c) The payment of rent, fees, and royalties as provided in section 17Y of this Act:
- (d) The payment of compensation for any adverse effects of the activity on the Crown's or public interest in the land concerned, unless such compensation has been provided for in the setting of rent:
- (e) The provision by the concessionaire of bonds---
  - (i) To cover any costs incurred by the Minister in carrying out work that the concessionaire has failed to carry out and that was required by the concession document to be carried out;
  - or
  - (ii) To mitigate any adverse effects arising from but not authorised by the concession or not reasonably foreseen at the time the concession was granted:
- (f) The waiver or reduction of any rent, compensation, or bond where---
  - (i) The concessionaire makes any contribution to the management of the lands or the public interest in those lands;
  - or
  - (ii) There is any other non-commercial public benefit from the activity; or
  - (iii) Any circumstances of the concession justify such waiver or reduction; or
  - (iv) The costs of setting and collecting the rent exceed any rent which may be collected:
- (g) The restoration of the site and the removal of any structure or facility at the expense of the concessionaire or the vesting in the Crown of any structure or facility at the end of the term of the concession:
- (h) Periodic reviews of the terms and conditions (including rents) of the concession:
- (i) A covenant that on any transfer, sublease, sublicence, or assignment of a concession, the concessionaire shall remain liable throughout the term (including renewals) of the lease or licence or easement and shall procure from the transferee or sublessee or sublicensee or assignee a covenant to be bound by the conditions of the lease or licence or easement:
- (j) The payment of any fees (including legal fees) in respect of the preparation of the concession document and its registration (where necessary), being fees payable in addition to any fees payable under sections 60A to 60D of this Act.

[17Y. Rents, fees, and royalties---(1) It shall be a condition of the

Minister's granting a concession under this Part of this Act that the person or body to whom the concession is granted---

- (a) Shall pay any specified rents, fees, and royalties to the Minister; and
- (b) Shall pay any other levy or charge made on an occupier or owner of land, as a result of the grant of a lease, licence, or easement, either to the Minister or as directed by the Minister.

(2) The rent, fee, or royalty may be fixed at the market value, having regard to---

- (a) Any circumstances relating to the nature of the activity; and
- (b) The effects of the activity on the purposes of the area affected; and
- (c) Any contractual conditions, covenants, or other encumbrances placed upon intrinsic resources, natural resources, or historic resources by the concession.

(3) Rent, fees, and royalties for a concession shall be reviewed at intervals not exceeding 3 years.

[17Z. Term of concession---(1) A lease or a licence may be granted for a term (which term shall include all renewals of the lease or licence) not exceeding 30 years or, where the Minister is satisfied that there are exceptional circumstances, for a term not exceeding 60 years.

(2) A permit may be granted for a term not exceeding 5 years but shall not be renewable.

(3) An easement may be granted for a term not exceeding 30 years, but---

- (a) In exceptional circumstances, the Minister may grant a term not exceeding 60 years:
- (b) Where the easement provides a right of way access to a property to which there is no other practical access, the term may be for such longer period as the Minister considers appropriate:
- (c) Where the easement is for a public work (as defined in the Public Works Act 1981), the term may be for the reasonably foreseeable duration of that public work.

[17ZA. Registration of easements---(1) For the purpose of granting any easement over any conservation area, the Minister is hereby deemed to be the registered proprietor of that conservation area.

(2) Notwithstanding anything in the Land Transfer Act 1952, where the instrument of easement under section 17Z of this Act is a deed and the easement is granted or reserved over land for which no certificate of title has been issued under that Act, the Minister may request the District Land Registrar to register the deed under that Act by constituting it a folium in the register book; and the District Land Registrar shall register the deed accordingly.

(3) Where the Minister has granted or reserved any easement over any conservation area that is subject to a lease or licence that is

registered under the Land Transfer Act 1952, and the lessee or licensee or other person entitled for the time being to the custody of the lease or licence neglects or refuses to produce the outstanding copy to the appropriate District Land Registrar to permit registration of the easement, the Minister may, on being satisfied that the neglect or refusal is not justified, request the District Land Registrar to register the easement without production of the outstanding copy; and the District Land Registrar shall register the easement accordingly.

(4) Nothing in subsection (3) of this section affects or restricts the power of a District Land Registrar under sections 211 and 212 of the Land Transfer Act 1952 to require the production of the outstanding copy of a lease or licence.

[17ZB. Accounts---(1) The Minister may, to assist himself or herself in verifying any rent, fees, or royalties, or amount of any compensation or bond, require any body or person who has been granted a concession under this Part of this Act in respect of any activity to provide a complete statement of audited financial accounts and any other relevant information for that part of the activity that is carried out under the concession on or in any conservation area.

(2) The accounts shall be forwarded to the Minister not later than 3 months after the end of the financial year in respect of which they are required.

(3) The contravention of or failure to comply with subsection (2) of this section shall be a breach of the concession.

[17ZC. Changing conditions---(1) The Minister and the concessionaire may at any time, by agreement in writing and without any public notification, vary any conditions in the concession document where---

(a) The variation is of a minor and technical nature and does not materially increase the adverse effects of the activity or the term of the activity or materially change the location of the activity; or

(b) The variation will result in a reduction of the adverse effects or the duration of the activity.

(2) The concessionaire may at any time apply to the Minister for a variation or extension to the concession and such application shall be treated as if it were an application for a concession; and the provisions of sections 17S to 17ZB of this Act shall apply accordingly.

(3) The Minister, on request or on his or her own motion, may vary the conditions of a concession where---

(a) The variation is the result of a review provided for in the concession document; or

(b) The variation is necessary to deal with significant adverse effects of the activity that were not reasonably foreseeable at the time the concession was granted; or

(c) The variation is necessary because the information made available to the Minister by the concessionaire for the purposes of the concessionaire's application contained inaccuracies that

materially influenced the decision to grant a concession and the effects of the activity permitted by the concession require more appropriate conditions;---

and the concessionaire shall be bound by every such variation.

(4) Subject to subsection (5) of this section, a memorandum of any variation or extension shall be executed by the Minister and by the concessionaire and, if it relates to a lease or licence or easement registered with the District Land Registrar, shall be registered with the District Land Registrar who shall enter an appropriate memorial on the register book copy of the lease or licence or easement and on the outstanding copy thereof.

(5) Notwithstanding anything to the contrary in section 66 of the Land Transfer Act 1952, a memorial of variation of any lease in respect of which a certificate of title has been issued under that section shall be entered on all relevant instruments and on that certificate of title, which shall have full validity, subject to that variation.

(6) If the interest of the concessionaire is at the time of registration of the memorandum of variation or extension subject to a mortgage, the memorandum shall not be binding on the mortgagee unless the mortgagee has consented to the variation or extension in writing in the memorandum.

[17ZD. Failure to execute or exercise concession document---(1) If any applicant for a concession who has been granted a concession fails to sign the applicant's concession document within one month after being required by written notice to do so, the Minister may cancel the grant of the concession to that person.

(2) A concession lapses on the expiry of 2 years after the date of commencement of the concession, or after the expiry of such longer period as the Minister may allow, unless the concession is exercised before the end of that period.

(3) Any money paid under the concession (including any money paid under any of sections 60A to 60D of this Act) shall, unless the Minister otherwise directs, be forfeit to the Minister.

(4) Any activity carried on by the concessionaire under a concession that has been cancelled under subsection (1) of this section or has lapsed under subsection (2) of this section shall be deemed to be an activity carried on without the authority of the Minister for the purposes of section 39 of this Act.

[17ZE. Transfers, subleases, and mortgages---(1) Where a concession document includes a right to transfer, sublease, assign, mortgage, or otherwise dispose of the concessionaire's interest, the concessionaire shall not transfer, sublease, assign, mortgage, or otherwise dispose of the concessionaire's interest or any part thereof without the consent of the Minister.

(2) The Minister shall at all times have power in the public interest, and in his or her discretion, to refuse any application for consent whatever or to grant his or her consent subject to such conditions as he or she thinks fit.

(3) Unless the concession document otherwise provides, the provisions of sections 17P, 17S, 17T, 17U, 17W, 17X, 17ZB, and 17ZC of this Act apply to any application to transfer, sublease, assign, mortgage, or otherwise dispose of a concessionaire's interest in a concession or any part of a concession.

[17ZF. Aircraft---(1) No aircraft shall land or take off from any site within a conservation area that is not a certified aerodrome unless---

- (a) There is an emergency arising from---
  - (i) Mechanical or structural or operational defects in the aircraft or its equipment; or
  - (ii) Weather conditions or other causes not under the control of the pilot in command; or
- (b) The action is necessary to establish, construct, operate, maintain, repair, or replace a maritime navigational aid; or
- (c) A concession has been obtained for the purpose from the Minister.

(2) Any concession document granted for such purpose by the Minister shall be in the possession of the operator and have been sighted by the pilot in command of the aircraft prior to landing or taking off.

(3) This section does not apply to any aircraft operated by the New Zealand Defence Force or the Civil Aviation Authority of New Zealand.

(4) Nothing in this section implies any responsibility by the Minister or liability for the safety of any aircraft or person aboard an aircraft while the aircraft is in the air or landing.

(5) For the purposes of this section, "landing" includes the hovering of any aircraft and the setting down or taking on of goods or persons from an aircraft.

[17ZG. Management activities---(1) Subject to this Act, nothing in this Part of this Act shall affect or limit the proper exercise by the Minister or Director-General of any power to manage any land held or managed under this Act or any Act specified in the First Schedule to this Act.

(2) Without limiting any power exercisable by the Minister, the Minister may---

- (a) Tender the right to make an application, invite applications, or carry out other actions that may encourage specific applications:
- (b) Include in any concession provisions for the concessionaire to carry on activities relating to the management of any conservation area on behalf of the Minister or at any time enter into any agreement providing for the concessionaire to carry out such activities.

[17ZH. Powers of Minister where services are provided by the Minister or the Director-General---Where any community service, benefit, or facility has been provided by the Minister or the Director-General, whether within or outside a conservation area, for the benefit of concessionaires either occupying any part of the conservation area or undertaking any activity within the area under any concession document---

- (a) The Minister may, in accordance with this section and the relevant concession document, assess the amount of contribution to be paid to the Minister by the concessionaires towards the cost of providing and maintaining that service, benefit, or facility:
